

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

If we have mega media companies, we will have higher rates, there will be less competition and more control over the internet. I oppose the proceedings that will allow the cable ownership caps to be weakened or eliminated.
